THIS AGREEMENT, entered into as of the 29th day of January, 2026, by and between the Housing Authority of the County of Scotts Bluff, Nebraska, State of Nebraska (hereinafter referred to as the Public Housing Agency), and Niewedde & Wiens, Certified Public Accountants of P.O. Box 98, York, Nebraska 68467, (hereinafter referred to as the "Contractor"), WITNESSETH:

WHEREAS, the Public Housing Agency has entered into a contract (contracts) with the United States of America acting through the Department of Housing and Urban Development (hereinafter referred to as the "Government") for financial assistance for low-income public housing pursuant to the United States Housing Act of 1937, as amended, 42 United States Code Section 1437 et seq.; and

WHEREAS, pursuant to said contract (contracts), the Government and the Comptroller General of the United States or his duly authorized representatives have the right to audit the books and records of the Public Housing Agency pertinent to its operations with respect to such financial assistance; and

WHEREAS, the Single Audit Act Amendments of 1996, Public Law 104-156 establishes audit requirements for State and local governments that receive Federal aid, and

WHEREAS, State and local governments are authorized to use their own procedures to arrange for independent audits, and

WHEREAS, the Public Housing Agency desires the Contractor to conduct and perform such an audit;

NOW, THEREFORE, the Public Housing Agency and the Contractor do mutually agree as follows:

1. The Contractor shall audit the accounts and records of the Public Housing Agency for the twelve (12) month periods June 30, 2026, 2027 and 2028, in accordance with auditing standards generally accepted in the United States of America. The audit will also be a Single Audit conducted in accordance with the standards for financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States as it relates to financial audits; the Single Audit Act Amendments of 1996; and the provisions of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, Subpart F – Audit Requirements.
2. The Contractor's objective will include reporting on the Authority's compliance with laws and regulations and the provisions of contracts and grant agreements and its internal controls as required by the Single Audit Act Amendments of 1996 if applicable based on the level of federal awards expended during the fiscal year. The Contractor's audit will be conducted in accordance with generally accepted auditing standards; the standards for financial audits contained in *Governments Auditing Standards*, issued by the Comptroller General of the United States; The Single Audit Act Amendments of 1996; and the provisions of Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards , Subpart F – Audit Requirements, and will include tests of the accounting records of the Authority and other procedures the contractor consider necessary to enable the contractor to express such an opinion and to render the required Single Audit reports. If our opinion on the financial statements of the Single Audit compliance opinion is other than unqualified, the contractor will fully discuss the reasons with the Public Housing Agency in advance. If, for any reason, the contractor is unable to complete the audit or is unable to express an opinion, the contractor may decline to express an opinion or may not issue a report as a result of this engagement.
3. The financial statements will be presented in accordance with the financial reporting model described in GASB Statement No. 34. The financial statements consist of the Statement of Net Position for major funds and aggregate non-major funds, and related Statements of Revenues, Expenses and Changes in Fund Net Position, Statement of cash flows and the notes to the accompanying financial statements.

The following RSI is required by generally accepted accounting principles and will be subjected to certain limited procedures, but will not be audited:

- A) Management's Discussion and Analysis

In addition, the financial statements will have included the following supplemental information that will be subjected to the auditing procedures applied in our audit of the financial statements:

- A) Schedule of Expenditures of Federal Awards
- B) Financial Data Schedules
- C) Program Financial Schedules

4. Our report will include a report on the Schedule of Expenditures of Federal Awards, the required reports on compliance with laws and regulations related to the financial statements and to the federal award program(s). Additionally, the contractor will report on internal control in relation to the financial statements and to the federal award program(s). The Housing Agency is responsible for determining the compliance requirements and will make the contractor aware of all such requirements.
5. The management of the Housing Authority of the County of Scotts Bluff, Nebraska is responsible for establishing and maintaining internal control. In fulfilling this responsibility, estimates and judgments

by management is required to assess the expected benefits and related costs of the controls. The objectives of internal control are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorizations and recorded properly to permit the preparation of general purpose financial statements in accordance with generally accepted accounting principles, and that federal award programs are managed in compliance with applicable laws and regulations and the provisions of contracts and grant agreements.

In planning and performing our audits, the contractor will consider the internal control sufficient to plan the audit in order to determine the nature, timing, and extent of our auditing procedures for the purpose of expressing our opinions on Housing Authority of the County of Scotts Bluff, Nebraska's financial statements and on its compliance with requirements applicable to major programs.

The contractor will obtain an understanding of the design of the relevant controls and whether they have been placed in operation, and the contractor will assess control risk. Tests of controls may be performed to test the effectiveness of certain controls that the contractor consider relevant to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the general purpose financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly no opinion will be expressed.

6. The contractor will perform tests of controls, as required by Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards , Subpart F – Audit Requirements, to evaluate the effectiveness of the design and operation of controls that the contractor consider relevant to preventing or detecting material noncompliance with compliance requirements, applicable to each of Housing Authority of the County of Scotts Bluff, Nebraska's major federal award programs. Our tests will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. However, the contractor will inform the governing body or audit committee of any matters involving internal control and its operation that the contractor considers to be significant deficiencies under standards established by the American Institute of Certified Public Accountants. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. The contractor will also inform the Public Housing Agency of any non significant deficiencies or other matters involving internal control, if any, as required by Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards Subpart F – Audit Requirements.

6. Identifying and ensuring that the Housing Authority of the County of Scotts Bluff, Nebraska complies with laws, regulations, contracts, and agreements, including grant agreements, is the responsibility of management. As a part of obtaining reasonable assurance about whether the general purpose financial statements are free of material misstatement, the contractor will perform tests of the Housing Authority of the County of Scotts Bluff, Nebraska's compliance with applicable laws and regulations and the provisions of contracts and agreements, including grant agreements. However, the objective of our audit will not be to provide an opinion on overall compliance and the contractor will not express such an opinion.

Our audit will be conducted in accordance with the standards referred to in the second paragraph. Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, Subpart F – Audit Requirements requires that the contractor plan and perform the audit to obtain reasonable assurance about whether the auditee has complied with applicable laws and regulations and the provisions of contracts and grant agreements applicable to major programs. Our procedures will consist of the applicable procedures described in the OMB's compliance supplement. The purpose of these procedures will be to express an opinion on the Housing Authority of the County of Scotts Bluff, Nebraska's compliance with requirements applicable to major programs.

7. Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and may include tests of the physical existence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, creditors, and financial institutions. The contractor will request written representations from the Public Housing Agency's attorneys as part of the engagement, and they may bill the Public Housing Agency for responding to this inquiry. At the conclusion of our audit, the contractor will also require certain written representations from the Public Housing Agency about the financial statements and related matters.
8. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. The contractor will plan and perform the audit to obtain reasonable rather than absolute assurance about whether the financial statements are free of material misstatement, whether caused by error or fraud. As required by the Single Audit Act Amendments of 1996 and Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, Subpart F – Audit Requirements, our audit will include test of transactions related to federal award programs for compliance with applicable laws and regulations and the provisions of related to federal award programs for compliance with applicable laws and regulations and the provisions of contracts and grant agreements. Because of the concept of reasonable assurance and because the contractor will not perform a detailed examination of all transactions, there is a risk that a material misstatement may exist and not be detected by the contractor. In addition, an audit is not designed to detect errors, fraud, or other illegal acts that are immaterial to the general purpose financial statements or to major programs. However, the contractor will inform the Public Housing Agency of any material errors and any fraud that comes to our attention. The contractor will also inform the Public Housing Agency of any other illegal acts that come to our attention, unless clearly inconsequential. The contractor will include such matters in the reports required for a Single Audit. Our responsibility as auditors is limited to the period covered by our audit and does not extend to matters that might arise during any later periods for which the contractor is not engaged as auditors.
9. Management is responsible for making all financial records and related information available to the contractor. The contractor understand that the Public Housing Agency will provide the contractor with such information required for our audit and that the Public Housing Agency is responsible for the accuracy and completeness of that information. The contractor will advise the Public Housing Agency about appropriate accounting principles and their application and will assist in the preparation of the Public Housing Agency's financial statements, but the responsibility for the financial statements remains with the Public Housing Agency. That responsibility includes the establishment and maintenance of adequate records and effective internal control over financial reporting, the selection and application of accounting principles, and the safeguarding of assets. Additionally, as required by Uniform Administrative Requirements, Cost Principles, and Audit

Requirements for Federal Awards, Subpart F – Audit Requirements, the Public Housing Agency will prepare the summary of prior audit findings.

The Housing Agency's management will be required to complete a Management Discussion and Analysis (M D & A) as required supplemental information that is included in the audit reporting package as required by generally accepted accounting principles. This is the responsibility of the Housing Agency management, however we will provide guidance in the preparation of the required supplemental information.
11. These books and records will be made available to the Contractor by the Executive Director of the Public Housing Agency at the Contractor's request for the Contractor's use at Public Housing Agency's office during normal business hours.
14. If the Contractor ascertains that the Public Housing Agency's books and records are not in a sufficiently satisfactory condition for performing an audit, the Contractor shall disclose this deficiency to the Public Housing Agency. If the Public Housing Agency cannot get its books ready for an audit within 15 days, then the Contractor should notify the Government. Notification to the Government shall be by written communication addressed to the Department of Housing & Urban Development. The Contractor shall await further instructions from the Housing & Urban Development before continuing the audit.
15. During the audit fieldwork, if the contractor determines that the accounting records are not adequate to allow the fair presentation of the financial statements in accordance with GAAP, a contract amendment shall be entered into at the Housing Agency's option. This amendment will include any increase or decrease in the amount of the Contractor's compensation which are mutually agreed upon by and between the Public Housing Agency and the Contractor. If the Housing Agency does not present its financial statements in accordance with GAAP then an opinion qualification shall be given on the Agency's financial statements.
16. Within 30 days after the completion of the audit, an Audit Report in accordance with generally accepted government audit standards shall be simultaneously submitted to the Federal Audit Clearinghouse, Bureau of the Census, 1202 East 10th Street, Jeffersonville, Indiana 47132 and Public Housing Agency (1 copy for each Commissioner and required copies for the Executive Director) as joint addressees.

During the audit fieldwork, if the contractor determines that there may be fraudulent activity occurring, and a significant amount of additional procedures are deemed necessary by the contractor, then the contractor will be compensated based on the number of additional hours needed based on the hourly rate.

18. The Public Housing Agency may, before or during the conduct of the audit, request changes in the scope of services of the Contractor to be performed under this contract. Such changes, including any increase or decrease in the amount of the Contractor's compensation and any change in the time limitation for submission of the Contractor's report, which is mutually agreed upon by and between the Public Housing Agency and the Contractor, shall be incorporated into written amendments to this contract.
